The Class of 1967

Presents

The Bridge

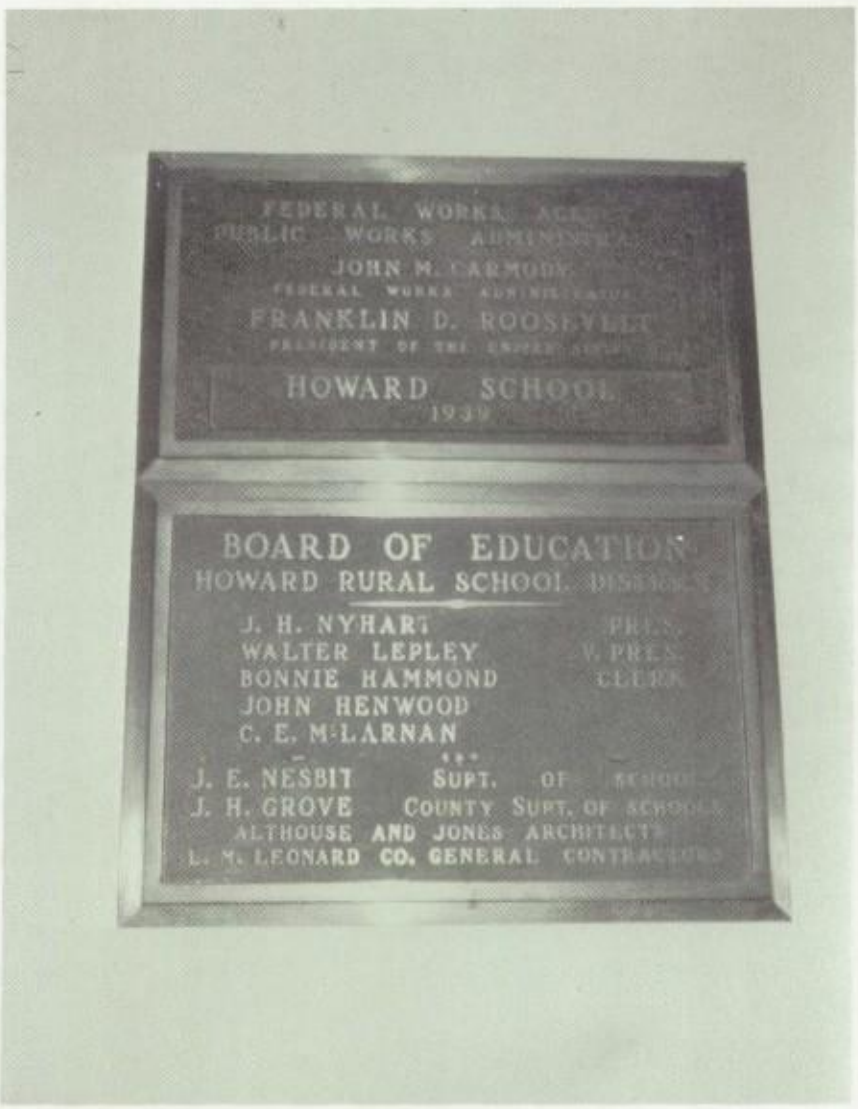
East Knox High School

Howard, Ohio

Foreword

We, the graduating class of 1967, look back on our four years at East Knox High School with a certain nostalgia - not unmixed with regret - that we did not make more of the opportunities which were ours to command. Perhaps no class ever takes full advantages of a free education. It is our hope that the future will prove us good American citizens in order that, through our example, we may show our gratitude to a free country in a troubled world.

Dedication



So many people have played an important part in developing our knowledge throughout our school years, that we found the task of selecting a single individual prohibitive. Therefore, we, the graduating class, respectfully dedicate this 1967 Bridge to the members of the Faculty of East Knox Local School.
